

CHRISTIE CLINIC SLEEP CENTER

Confirm Your Appointment

To secure your room, please contact us to confirm your appointment within 4 days of the test. We will ask you a few questions (see next page) to make sure everything is ready for your stay.

Confirm by:

- Phone (217-355-1684) OR
- FAX (217-352-6041)

What should I bring?

- Sleep clothes: 2 piece, loose-fitting. A t-shirt and shorts or sweatpants is fine.
- Your bedtime medications ...unless your doctor asked you not to take them that night.
- Toiletries. We provide towels and washcloths.
- Insurance cards
- Completed Sleep Diary and Sleep Questionnaire

How should I prepare?

- Try to avoid napping, alcohol, and caffeine the afternoon of your test.
- Eat a meal or snack before you come.
- Wash your hair.
- Shave if you normally do.

What if I can't sleep?

Don't worry. Even if you do not feel you slept well, your brainwaves may still show sleep patterns the doctor can read. He would usually be able to tell what is keeping you from reaching deeper sleep.

Will I be able to get up out of bed?

Yes. Your tech will be listening over an intercom. Just call the tech if you need to get up.

Where is the sleep laboratory?

We are not in the same location as other Christie offices. Our address is 1207 S Mattis Avenue, Champaign, IL 61821

Other questions?

You can send a message through the MyCare Portal or call us at 217-355-1684.

CONFIRMATION QUESTIONS Call 217-255-1684 with your answers or FAX them to 217-352-6041.

12. Anything else you think we should know that might affect testing?

Drowsy driving is very dangerous. Get a driver if you think you might be too sleepy to drive.

You are having this test because your provider has concerns about your health. Sleep disorders don't just affect your quality of your life. They can also raise your risk of major health problems like heart attacks or strokes. So this test is important.

If you need to cancel or reschedule, please let us know as soon as possible. That way, we can give your room to someone else who may need it.

If you think of other questions, check our web site or send a message through the MyCare Portal. Be sure to look for your results on the Portal as well.
